B. CONTEXT

Jharkhand has a population of 33 million, of whom 26 per cent are members of scheduledtribes (ST), and 78 percent are ruralpopulation. In total, there are 15 (13 fully and 2 partial) Tribal Sub –Plan (TSP) districts and 134 TSP blocks in Jharkhand state. As per Socio Economic Caste Census(SECC) 2011, India has around 1.4 Crores women headed households living in extremepovertyanddeprivation.Outofthe5,27,273womenheadedhouseholdsinruralJharkhand,3,69,703womenheadedhouseholds(approx.70percent)areconsidereddeprived. Around 1,50,652 deprived women headed households in Jharkhand fall underthreeormoredeprivationindicatorsasperSECC2011,conductedbyMinistryofRuralDevelopment, Government of India. Additionally, the state of Jharkhand is also home toabout2.92lakhParticularlyVulnerableTribalGroups(PVTGs).

InIndia,J-PALaffiliatesAbhijitBanerjee(MIT),Esther Duflo(MIT),andRaghabendraChattopadhyay (IIM Calcutta), and fellow Principal Investigator, Jeremy Shapiro (PrincetonUniversity) began working with Bandhan- Konnagar on a randomized evaluation of theTHPprogramme in Murshidabad, West Bengal, in 2006. The evaluation found that the one-time asset transfer combined with the sequenced set of support services increased income,consumption, and overall welfare outcomes for ultra-poor households, and these gains notonly persisted but increased in the long-term, Eight and a half years after the programmeparticipantexitedfromtheprogramme.

I. DETAILSOF PROJECT ACTIVITIES

Activity 1: Field Branch set up &Deployment of Project staff:

The team based at Head Office (HO) compiled the area & branch survey report and made apreliminary list of the blocks for operation. Once the blocks were identified, managementdeployed staff members, including the Community Organizer/Facilitator level staff; ahouse was identified for functioning as a THP branch i.e. office cum residence setup andthis was finalized by signing a deed between the landlord and Jan Jagran Kendra for theentireprojectperiod,staffsetupthepremisesbasedonthelogisticalrequirementsdetailedby Agency.

The implementation of the THP programme under CCD Scheme began in 17th July 22 bysettingupBlockOfficesinSimdega, West Singhbhum, Saraikela-Kharsawan&EastSinghbhum. Each block hadCommunity Mobilizers/facilitators(CF)who manages all the selected beneficiaries of the district. Each Rather than Block wise CF there were 1 Teamleader, 1 Project Coordinator and 4 Community Facilitator.

Activity 2: Capacity building of Project staff:

Mahila Jagriti Samiti arranged set of Capacity building training for its programme staffs.Thesetrainingswerearrangedfollowingorganizationtrainingschedule.

During the project period, all Community Facilitator (CF) received Pre-Service OrientationalongwithParticipatoryRuralAppraisal(PRA)&HouseholdSurveytrainingandEnterprisedevelopmenttraining.

Activity 5: Beneficiary training on Enterprise Development with Confidence building:

Project staff provides intensive training to the beneficiaries for developing their enterprise skills. These trainings focused on generalconfidence building of the women, with specific instructions on managing and developing their assets, both livestock, farming system, nonfarm activity, traditional activity and petty trade.

Most THP beneficiaries had very little to no experience of managing the enterprise selected.These trainings covered wide range of topics starting from the basics of running an enterprise to the best practices to be followed in maintaining the asset.

Activity 6: Transferring asset to beneficiaries:

After beneficiaries receive the asset-related training, the physical asset is transferred to them. The transfer took place in a staggered manner, i.e. out of the allotted budget per beneficiary usually assets worth half of the budget was transferred initially. Within a few months, assets worth the remaining budget were also transferred. The staggered process provides time for the beneficiaries to slowly pick-up the traits of running a business. Assets- both farm and non-farm were purchased ensuring
presence of the beneficiaries, Community Resource Persons engaged by Agency.

Assets were transferred to the beneficiary in presenceof other villagers, with the intention of ensuring broader community support for the engagement of ultra-poor women in the

programme. Agency JJK invited different stakeholders such as the Gram Sarpanch, Community Resource Persons, members of the Panchayat, educated members in the villageand respective DPMUs to participate in the asset transfer'sprogramme.

Activity 7: Weekly handholding support through Group meeting and Asset follow up:

Programme begins after the enterprise and confidence building trainings have been conducted and thefirst tranche of assets have been transferred to the beneficiary. The weekly support provided by programme staff to beneficiaries is composed of two components:

a. Group meeting

b. Household visit for asset verification

a.Group meeting

The group meetings were conducted by a CF and consist of three to five beneficiaries that live in close geographical proximity. Meetings took place at the house of one of the present beneficiaries, and the time and day of the meetings were fixed. Meetings were composed of the following relatively structured components-

i. Enquiry about the wellbeing of the beneficiaries" present in the meeting

ii. Distribution of Consumption Stipend

iii. Basic business literacy and numerical practice

iv. Motivation for building regular savings habits, as well as general reiteration of concepts of poverty,entrepreneurship and self-respect.

v. Encouragement for savings at bank

vi. Revision of the social issues discussed in the previous week, as well as the pre- identified issue for the current week.

b. Household visit for asset verification

i) **Primary Assets:** The CF visited the beneficiary's house, reviewed the monitoring records, and understood the challenges, if any faced by the beneficiary with her Primary assets. He then checked and provided feedback on the shed/shelter that has been constructed for the farm asset. Finally, the health and growth of the livestock was checked, and any increase in number of livestock was noted. All observations, including asset capitalization, were recorded in the information book.

ii) **Secondary Assets:** The CF visited the beneficiary's house and went throughher information book, stock record and daily expenditurerecord. He observed the purchases made during the last week. Finally, he noted the entire stock (including rate and quantity), including new items purchased in the stock record. He also checked the condition of the shop and motivated her to develop her asset value.

iii) **Nutrition Garden:** The CF visited to beneficiary's house and monitor the use of nutritious food and also the produce obtained from KitchenGarden which was used supported by Programme.

Activity 8: Beneficiary Graduation training:

The graduation training was provided to all beneficiaries approximately four months before their targetedgraduation date. This training repeated the major themes of the confidence building and refresher trainings including:

- Structure of society
- Poverty trap and poverty alleviation strategies
- Effective communication strategies
- Importance of increasing income from assets

However, greater and quality time during the graduation training was spent on additional topics

such as microcredit opportunities. These additional topics include:

- Success stories of beneficiaries that increased and diversified their incomes using innovative strategies
- Accessing and continuing government social security schemes
- Benefits of loans from SHGs, banks, cooperatives, and microfinance organizations
- Importance of maintaining records of sale and profits for both farm and non-farm assets even after the programme ends
- Importance of interacting with local elected leaders including Sarpanch, other panchayat members, Block Development Officer etc.

Following criteria were used to ascertain beneficiary to be graduated from the programme:

Table 5: Beneficiary Graduation criteria		
1	Significant rise in income to uplift above the national poverty line	There is a mandatory requirement for these five criteria to be fulfilled to graduate.
2	Family members having two full nutritious meals a day	
3	Regular savings habit	
4	Significant enterprise asset growth	
5	Safe and secure home	
6	Child immunization	A minimum 4 additional criteria are to be fulfilled from these 7 options

Linkages with Government schemes

Government schemes, services and entitlements are opportunities for the beneficiaries. Based on needs and eligibility, beneficiaries were linked for the benefits liaising with PRIs, line departments and institutions as appropriate for the linkages. Some of the social security schemes wherein beneficiaries were linked were, Indira Awas Yojona, Indira Gandhi National Widow Pension Scheme (IGWPS), PTG Dakiya Scheme, Adim Jan Jati Pension Yojona (AJJPY), Swachh Bharat Mission, Ujjawala Scheme.

Besides, EPIC, Ration card and Aadhar card were also ensured for the beneficiaries during theprogramme. Beneficiaries are also enrolled in SHGs who are capable enough to provide loans to their beneficiaries.

I. Beneficiarysavingshabit

Regular savings at bank was one of the most important agenda for discussion in Groupmeeting. The field staffs provided greater significance to the savings component duringvisitsand consistent follow-upwasmadewiththebeneficiaries.Beneficiarieswereencouraged to keep their daily savings in a small box and the staff helped them to deposittheirmoneyinthebanks on monthlybasis.

At the beginning, beneficiaries have poorsavingshabitintermsofopeningbankaccount and regularmaintained bank account. Nearly all thebeneficiariesreportednot using thebankaccounts with the most common reason being not having enough money in hand to make adeposit.1241(77.5%)outof1600beneficiarieshadtheirbankaccountbutonly 386 respondents (16.81%) oftotalproject beneficiaries wereregularlymaintainingtheiraccount.

Majorlearnings from Project Implementation

In a project/intervention which is geared to bring transformational change in livelihood opportunities of PVTG in particular,there are multiple challengesandlearnings. Some of the major learnings from the project/interventions are:

- Working with PVTG community is challenging, transparent system including effective communication at all level is important to achieve the desired goal/objective.
- Participation of community is crucial while selection of activities.
- Combinationoftwoactivities Primary and Secondary interventionist highly successful and acceptable in these community.
- Support in the traditional practices is most acceptable by beneficiaries.
- Local skill and knowledge are important factor for success of any activities in PVTG area.
- PVTG community resides in far to reach are as,hence local staff is important for follow-up.
- Capacity building and handholding support throughout the project period is crucial for sustenance and scaling up.

CONCLUSION:

The selected 1600 women are an important element for holistic development there by enhancing livelihood of the populace. It is evident that apart from farming or agriculture there are other means of earning income which have become more lucrative. Throughout the discussion with all 2150 respondents, it was found that now they are confident to run their enterprise of their own and a considerable number of women are ready to take loan for expanding their enterprises.

The respondents are also found properly aware of different government entitlements and the benefits.The standards of living of those beneficiaries are increasing with their generating income. The women are found strong to be the decision maker for various aspects within their families and financial support helped them to enjoy a better position and say in the decisions the families take.

The THP programme implementation in Simdega, E.Singhbhum, W.Singhbhum and SaraikelaKharsawan districts has demonstrated how beneficiaries graduate out of their extreme poverty through the evidence-informed programme, followed by linkage to the mainstream the SHG& program support and their strong will and their efforts.
